If you decide to go the DIY route with winterization, however, as many outboard owners do, start with your boat and engine on the trailer or remove the outboard and bolt it to a workbench. It will save time to be sure in advance that you have all the tools, hoses, drip pans, and winterizing products you'll need for the project.

Find the right parts for your Mercury® or MerCruiser® engine here. Search by serial number to see detailed engine diagrams and part numbers, then contact your local authorized Mercury Marine dealer to place your order. You can also browse by model, but we strongly recommend using your serial number to ensure you find the correct parts.

My XR6 150 O/B's warning beeper is going off. There was about 1 inch of oil in the reservoir so I added one gallon to it. When the beeper started it was intermittent and seemed to be sensitive to the amount of incline of the hull (medium idle in gear verses level plane). After adding the oil the beeper still continues to sound.
