...

Possibly inspired by Count Basie's renewed activity at Verve Records in the mid-'50s, Columbia raided its vaults to assemble this thematic album, consisting of a dozen blues cuts dating between 1939 and 1950. The mix of late-'30s/early-'40s big-band swing and 1950-era small group sides makes this a fascinating document of two phases of Basie's career.

Basie was able to buy a home in the Bahamas in the 1970s and was residing there when he took ill in 1984. He spent his last days at a hospital in Hollywood, Florida, where he died on April 26. While he has been honored with too many awards to mention, it is only appropriate that the Blues Hall of Fame recognize Count Basie both for the debt he owed to the blues and for what he gave back in return.

Essentially, the blues is a specific progression that uses the C7, F7, and G7 chords. (For the sake of brevity, I'll only look at playing blues in the key of C). The blues chord progression lasts 12 bars (thus the phrase "12-bar blues") that move in a familiar pattern using those three chords.
