China's state-owned giants given new order: create global ...

This is a list of state-owned enterprises of China. A state-owned enterprise is a legal entity that undertakes commercial activities on behalf of an owner government. Their legal status varies from being a part of government to stock companies with a state as a regular or dominant stockholder. There is no standard definition of a government-owned corporation or state-owned enterprise, although the two terms are often used interchangeably. The defining characteristics are that they have a distinc

State-owned enterprises of China - Wikipedia

In addition to more than 100 industrial conglomerates, China's 55,000 other state-owned enterprises (SOEs) under local government control remain the backbone of many local economies.

China Steps Up Communist Party Control in State-Owned ...

China's economy is never absent in financial media coverage over the past decade, when it was growing at an astonishing speed. Not even the 2008 financial crisis was able to slow it down. Now, confronted by the US trade war, China is facing enormous headwinds to continue furthering its success story. Among all aspects in China's economy, the struggle between State-Owned Enterprise (SOE) and Privately Owned Enterprise (POE) and their roles in China's ambition to spread its influence ...

The Reality of China's State-Owned and Privately Owned ...

In China's industrial sector, the shrinking share of state-owned enterprises (SOEs) is evident. This is due in part to the stronger growth of non-government-owned enterprises. When communicating with my friends outside China, their misconception of Chinese State-Owned Enterprises (SOE) always surprises me. It seems that although Chinese SOEs play a major role in the Chinese economy, they continue to remain mysterious to most outsiders.

State-owned enterprises in China: How big are they?

China's space industry has been mostly dominated by state owned enterprises. A prominent player of the industry is the China Aerospace Science and Technology Corporation (CASC), one of the 106 central enterprises under the direct control of the State Council.
