### Empires In World History Power

"Empires in World History provides a powerful teaching tool for framing the sometimes fluid and complex relationships between empires and nation-states, subjects and citizens, inclusion and exclusion. . . . This book will likely prove most useful in graduate courses in empire and/or world history and to teachers who are seeking a way to teach about empire without simply jumping from one to the next."

### Empires in World History: Power and the Politics of ...

Empires—vast states of territories and peoples united by force and ambition—have dominated the political landscape for more than two millennia. Empires in World History departs from conventional European and nation-centered perspectives to take a remarkable look at how empires relied on diversity to shape the global order.
