Epiccare Emr Guide - delapac.com

When a hospital or other healthcare enterprise installs Epic, they typically interact with community physicians who do not have Epic, many of which do not have any electronic medical record system. EpicCare Link allows those providers to be given access to a web-based portal, allowing them to have limited use of the EMR to view activity on their patients who have received care at the associated hospital. It is usually configured to provide read-only access, meaning the external provider ...

By Catalina Guran. This past summer Mackenzie Health launched a new electronic medical record (EMR) that transforms the way care is delivered in this community. Implemented in collaboration with Epic, the software is the first full-suite Epic EMR to be installed in Canada. A state-of-the-art system, the EMR makes it possible for the care team to spend more time with patients, provides physicians with exactly what they need to make important healthcare decisions quicker and empowers patients ...
