'The new edition of Macroeconomics in Context is the best English language introductory macro textbook with a focus on Europe. Three unique features make it outstanding: first, the "contextual" approach - viewing economy as embedded in society, nature, institutions and policies; second, a thorough focus on the European Union; third, a response to the quest for more pluralism in theories, with both Keynesianism and mainstream macro plus related controversies.'

## **Macroeconomics in Context: A European Perspective ...**

The sixth edition maintains the core features that have made a bestselling Macroeconomics text - a balance of coverage between short and long-run issues, an integration of Keynesian and classical ideas, a variety of simple models and the incorporation of real-world issues and data through case studies and FYI boxes.
