of planners and practitioners of United Nations peacekeeping operations. The spectrum of contemporary peace operations has become increasingly broad and includes both United Nations - led peace operations, as well as those conducted by other actors, normally with the authorization of the Security Council.

Principles and Guidelines - United Nations Peacekeeping

The purpose of this paper is to reconceptualize how managers of multinational enterprises (MNEs) manage risk, particularly in fragile and/or conflict-affected areas of operation. The authors suggest that MNEs consider reducing risk at its source rather than trying to avoid or react to risks as they occur. By incorporating peacebuilding strategies, managers may not only reduce investment risk ...

Multinational enterprises, risk management, and the ...

multinational troops in a more efficient and well-thought-out way. The multinationality is the key for conducting effective and internationally acceptable peacekeeping and peace support operations. The UN peacekeeping missions had an international character from the very beginning and participating military units
