learning lists, but this is probably more true in physical chemistry than in other branches of chemistry. Let's be clear from the outset—understanding is the key to physical chemistry, but the maelstrom of mathematics often clouds the student's ability to create a comprehensible mental model of the subject.

Physical Chemistry

Physical Chemistry textbook by Laidler, Meiser, Sanctuary. This popular Physical Chemistry text book is now available in electronic format. We have preserved much of the material of the former hard copy editions, making changes to improve understanding of the concepts in addition to including some of the recent discoveries in physical chemistry.
