The Physical Science Study Committee, usually abbreviated as PSSC, was inaugurated at a 1956 conference at MIT to review introductory physics education and to design, implement, and monitor improvements. It produced major new physics textbooks, instructional movies, and classroom laboratory materials, which were used by high schools around the world during the 1960s and 1970s and beyond.

Physical Science Study Committee - Wikipedia

The PSSC never claimed that their text was the only one possible; the hope was that their action would give rise to the modernization of other texts as well. This seems to have happened, and the 7th edition was the final end to their work. Physical Science Study Committee, 1956 Uri Haber-Schaim's thoughts... "PSSC PHYSICS: A Personal Perspective"
