### Social Inequality The Politics Of

Inequality, both as a motivator for political behavior and as a means of social control, is an integral aspect of both the national and international political landscapes. This collection of research serves as an example of aspects of social status, social class, and ideology connected to contemporary questions about 'who wins' in struggles for civic, economic, and individual citizenship.

The Russell Sage Foundation's program on Social Inequality supports innovative research on whether rising economic inequality has affected social, political, and economic institutions, and the extent to which increased inequality has affected equality of opportunity, social mobility, and the intergenerational transmission of advantage.

### Social, Political, and Economic Inequality | RSF

Social inequality results from a society organized by hierarchies of class, race, and gender that unequally distributes access to resources and rights. It can manifest in a variety of ways, like income and wealth inequality, unequal access to education and cultural resources, and differential treatment by the police and judicial system, among others.

### The Sociology of Social Inequality - ThoughtCo

"If we want to fix our politics, we have to do something about inequality," says social psychologist Keith Payne. Showing how economic inequality changes the way people see and behave towards one another, Payne helps explain the rise of the political polarization that's slicing up society -- and challenges us to think twice the next time we dismiss someone for the sake of politics.

### Keith Payne: The psychology of inequality and political ...

My motivation and interest in this project flows from several sources. As an historian of American public policy, I have written on the political economy of the New Deal, the politics of American health policy, and the long shadow of racial segregation in American cities. The central theme of this work, I came to realize, was the failure of public policy to redress inequality and, in many ...

### Growing Apart: A Political History of American Inequality

Economic inequality in the United States is real and deeply damaging to the living standards of the vast majority of families. But it's eminently fixable so long as we're willing to make a ...
