Sonority constraints on syllable structure - Cambridge Core

Catherine P. Browman (1945-2008) was an American linguist and speech scientist. She was a research scientist at Bell Laboratories in New Jersey and Haskins Laboratories in New Haven, Connecticut, from which she retired due to illness. While at Bell Laboratories, she was known for her work on speech synthesis using demisyllables. She was best known for development, with Louis Goldstein, of ...
