Ulf 1 Construction Manual - installatienetwerk.nl

The ULF-1 is one of the best-performing foot-launched aircraft to date, as well as one of the safest designs available to the self-builder. The design received a German airworthiness certificate in 1980, and has also been approved by Australian authorities. The basic construction materials

flights totalling over 150 hours, most of which were foot-launched. The longest flight flown by a ULF 1 is six hours and 140 km (87 mi).

EEL ULF 1 - Wikipedia

Taking a look at different ULF-1 builds one can see, that nearly each single ULF-1 is unique for itself. Despite the fact, that all builds are

Online Library Ulf 1 Construction Manual

based on the design and the drawings of Dieter Reich and Heiner Neumann, the final build includes most of the time different alterations, matching the ideas and personal needs of the builder. But most of the alterations are only to be detected by a very ...
