Amazon.com: Venous Catheters: A Practical Manual eBook ...

Description: This is the "bible" of venous catheters. It covers every aspect of central venous access from catheter placement to troubleshooting the non-functioning catheter. Purpose: The book emphasizes the complete care of patients and their catheters. It allows the reader to become familiar with all aspects of what is expected of a central venous access service.

Venous Catheters: A Practical Manual / Edition 1 by Philip ...

A bit Shakespearean, perhaps, but this quote from *Venous Catheters: A Practical Manual*, by contributor Melvin Rosenblatt, quite elegantly gives perspective to the topic of the book and its importance in the treatment of

Venous Catheters: A Practical Manual by Philip C. Pieters ...

The establishment of a successful venous access service resembles the establishment of a surgical practice more than it does that of a radiology practice. A catheter service is not simply a venous access placement service (hence we chose not to title this book Placement of Venous Catheters: A Practical Manual). The key term is

Venous Catheters eBook by Jaime Tisnado - 9781604064551 ...

Abstract Large numbers of central venous catheters (CVCs) are placed each year and misplacement occurs frequently. This review outlines the normal and abnormal anatomy of the central veins in relation to the placement of CVCs. An understanding of normal and variant anatomy enables identification of congenital and acquired abnormalities.
