War And Rural Life In

In addition to famine and disease, war had a considerable impact on rural society in early modern Europe. Myron Gutmann studies this impact through a systematic analysis of military, economic, and demographic variables as they affected the Basse-Meuse area in Eastern Belgium and the Netherlands between 1620 and 1750. Originally published in 1980.

Rural Life in the Late 19th Century [The old farm yard] The United States began as a largely rural nation, with most people living on farms or in small towns and villages. While the rural population continued to grow in the late 1800s, the urban population was growing much more rapidly. Still, a majority of Americans lived in rural areas in 1900.

France - France - Rural society: Rural life changed more gradually. The expanding markets favoured well-endowed or efficient lords or peasants who could produce a surplus of goods for sale. Such conditions were less common in the south than in the north, although they could be found in most wine-producing areas. But, while rising prices benefited producers, they contributed to certain ...
